Project Title:

Question your project is asking:

In the space that follows, briefly describe your project:

All projects must meet safety requirements for WCPSS to be approved. Any special equipment (electrical outlets, etc.) you needed for your project. (No televisions, computers, video cassette recorders can be provided)

Projects will be viewed by others without the student present. All projects should be self explanatory. We suggest that any demonstration opportunities be discussed with the classroom teachers.

I give my child permission to participate in the science fair. I understand and agree to all the rules on the back of this form.
