What can I say ~ Your Amazing!
You are an awesome, caring
human being! You are an
inspirational and charismatic
teacher! And you have been
a life saver to me and Kendall
more times than I can count!
I feel you are apart of our
family and we intend to keep
you in touch always :)

I wish you could move with
my girls every year til they
graduate :), Kenny has loved
learning from you and admires
you and loves you. I think
the impact you have made on
her is a tremendously positive
one that will help her grow into
a vital and well informed young
woman ~ Thanks for being you ~ Tina +
